A Bar with a View

A brand new entertainment haven nestling over 30 floors up the much-lauded Gtower in Kuala Lumpur will be opening its door soon. This is the new View Roof Top Bar that offers spectacular vistas, the finest cuisine, the most iconic labels, and the most dazzling entertainment for the sophisticated urbanite.

View promises the most breathtaking views of Kuala Lumpur with the Twin Towers taking centre-stage amidst the glowing lights of Ampang Hills and Titiwangsa mountain range. As Pernod Ricard Malaysia's premier flagship outlet featuring Absolut vodka as the lynchpin house brand, View will also host special spaces for GH Mumm champagne and The Glenlivet single-malt whisky to provide connoisseurs with an unparalleled food and beverage experience second to none.

From the glamorous and luxurious GH Mumm champagne 'jewel box' room, to a contemporary The Glenlivet single-malt whisky lounge with individualised custody cases, to the emotive Absolut alfresco bar—these bars are all about the combination of experiential senses. While unwinding to the undertones of chill beats, guests have a broad selection of gourmet bites to go with champagnes, wines and beverages plus custom designed signature cocktails created by award-winning mixologists.

Every aspect of the outlet's design and spaces adheres to the eco-friendly philosophy that permeates the property; from the materials used in its construction to the careful management of resources and utilities in its operation.

If you're planning to impress your date or just throw a sophisticated cocktail party, open your eyes to View. *ad*
