Little did people know that this premium office building offers a wide variety of venues that are both versatile and functional, not only as workspaces but also for entertainment and events, offering a greater freedom to tailor to your needs.

BRIDGE BAR

Not to be confused with VIEW Rooftop Bar, Bridge Bar is a place where you can relax with your friends with a drink in hand, blissfully chatting away as you take in the picturesque view with lounge music subtly playing in the background. The whole bar appears to be suspended between the two towers, floating in the air, with a glass platform flooring that offers you a downward view. The space is constructed stylishly out of environment-friendly and recycled materials, with ceiling mirrors and striking LED bars to create a hip and contemporary ambience. During the day, it takes a different form as the floor-to-ceiling glass walls provide ample natural lights, giving the space a relatively soothing environment, whereby you can appreciate the glossy wooden flooring, modern furnishing and tastefully placed potted plants. To give an impression of a chic living room, simply decorate the space with balloons and ribbons to transform it into a cute bridal or baby shower.

TANZINI

After months of remodelling and renovation, the multiple award-winning restaurant, Tanzini, has reopened its door to introduce its latest offerings. The main dining area features casual and eclectic interior with a clean finishing, while the Orchid and Magnolia private dining rooms offer an exclusive clandestine area for a more exclusive celebration. The whole restaurant can host up to 80 seated guests or 100 standing guests at a time. Tanzini also prides itself for its fresh food movement, sourcing and using only the freshest produce and highest-quality ingredients for its modern European cuisine that evokes the home-cooked charm of an Italian kitchen. The restaurant also boasts inventive cocktails and hand-crafted beverages to complement your meals. Whether you are planning a weekend luncheon with your family or a corporate luncheon with clients, Tanzini is the ideal venue for those who are looking for a healthy dining option.

TANZINI UPPERDECK

Ascending to Tanzini Upperdeck, one is greeted by a modern, elegant interior with plush furniture, golden curtains and drapes enhanced by mirrored ceilings reflecting the warm light bulbs hanging by long strings, giving an impression that you are standing beneath twinkling stars. At Tanzini Upperdeck, it offers diners an exclusive fine dining experience with bold chefs from Tanzini cooking up a feast brimming with innovative choices, all served with dollops of surprises. Of course, diners are invited to advise on any dietary requirement because no menu is provided. Slightly smaller in size compared to Tanzini, the venue is suitable for small dinner gathering as well as exclusive brand launches and media engagement.
